

Imagine A Church

Pastor Andrew Wharton

- 1. Can you imagine a Church where every member is wholeheartedly pursuing full devotion to Christ?***
- 2. Where you find people whose daily practice of real, authentic relationship with one another demands belief in the existence, grace, and power of God.***
- 3. where every person, regardless of their past or their present circumstances, can move forward in a relationship with Jesus.***
- 4. where hurting people can easily connect with, not feel isolated from, life-changing community.***
- 5. where everyone has access to biblical and practical teaching that transforms.***
- 6. where members are discovering, developing, and deploying their gifts and resources not for themselves, but for Christ and His people.***
- 7. where a community of believers is so authentic that it has favor with all the people;***
- 8. so selfless that a true sense of awe is felt by everyone around them;***
- 9. so empowered that creativity and excellence abound in every aspect of their lives;***
- 10. so obviously about the work of a grace-filled Savior that others are irresistibly drawn to a relationship with Him as well.***
- 11. a place where day by day the Lord adds to their number those who are being rescued***
